

Round Toe for the Rose Opal Knits DK Weight Sock Recipe for Magic Loop

Round Toe

FOR DK WEIGHT SOCKS

Rose Opal Knits

The Round Toe gets its shape by decreasing stitches evenly spaced in a decreasing round. Then it is followed by a set number of plain knitted rounds. This pattern repeats with the decreasing stitches moving closer together as the toe nears completion. The Round Toe is the shortest toe by the length in The DK Weight Sock Toe Series.

Abbreviations

k - knit

st(s) - stitch(es)

rnd(s) - round(s)

k2tog - k 2 sts together

The toe decrease instructions are written by size.

Knit stockinette stitch until you are 1.5 inches away from the tip of your longest toe. Start your toe decreases for your sock size as follows:

Finishing the Toe

Cut the working yarn. Use a tapestry needle to pull the yarn tail through the remaining stitches and cinch closed by pulling the tail into the inside of the toe. Finish by weaving in the tail.
